Every box of 10 contains 10 unstained serial sections and one stained slide.

Every box of 20 contains 20 unstained serial sections and one stained slide.

Every box of 100 contains 100 unstained serial sections and one stained slide.

In addition, each box comes with the staining procedure inside.

All Histopathology controls are on aminosilane (positive charged) slides.

***4% additional charge will be applied if paying by credit card**

****If you use a Ventana staining machine, we recommend requesting the M1000 slides - there is a \$10 upcharge. Place "M" in front of catalog number**

****If you prefer tissue at the top of the slides, no problem!! Lead time may be extended, but no extra charge! Follow the catalog number by "-T"**
